This heatmap visualizes the weekly changes in open interest for commodity futures contracts. The vertical axis lists contracts, and the horizontal axis shows the week of the month. Colored squares indicate the direction of change: green for increase, red for decrease, and yellow for no significant change. The size of the squares corresponds to the magnitude of the change.

Key observations:

- Top Section (August 27-31):** Shows significant green activity, indicating widespread increases in open interest.
- Middle Section (September 3-7):** Shows a mix of green and red activity, with some large red changes appearing in the middle of the section.
- Bottom Section (September 10-14):** Shows predominantly green activity, continuing the trend of increasing open interest.

Contracts tracked include: CRB, DCE, ECF, GCF, LME, NYM, SHFE, SFE, and ZCOM.
